

Director of Healthcare
Location: Midland, TX

The [Permian Strategic Partnership](#) (PSP) is a place where talented individuals can excel, with a culture that encourages bringing your best, helping others and growing your career. The Director of Healthcare is a thought leader in the healthcare industry and plays a critical role in collaborating with local stakeholders and institutions like universities, regional hospitals, local foundations and philanthropies to expand utilization of emerging technologies and healthcare models. The role values accuracy, follow-through, and a passion for building and developing innovative, growth-oriented healthcare solutions.

Position Description

The Director of Healthcare is responsible for being a thought leader around healthcare industry dynamics related to rural healthcare. They will maintain relationships with key external thought partners and own the analysis of internal and external data to make more informed decisions. They will become a leader in an outstanding organization of leaders where mutual respect, integrity, collaboration and focus are essential qualities for success.

Duties

- You will be familiar with the challenges facing rural healthcare and the public policy discussions on how to address those challenges
- You will be acquainted with established healthcare policy leaders in Texas and New Mexico, state health agencies, relevant universities, public policy organizations and think tanks, and federal agencies engaged in healthcare policy and regulation development
- Experience with market healthcare analysis leading to new facilities being built to address those needs is of great interest
- You should be aware of healthcare delivery trends and be able to engage in senior level discussions on how to address those trends with potential new facilities
- Experience with the unique role of academic teaching hospitals is of great interest
- Experience with the Texas, New Mexico and federal legislative appropriations funding process for healthcare facilities, preferred

Education and Experience

- Completion of a Bachelor's Degree and 10+ years of healthcare experience, or an equivalent combination of education and experience; advanced degree is preferred
- In-depth knowledge and expertise of the healthcare industry, legislation and economic trends
- Resourceful and self-motivated to formulate ideas and content with only directional parameters and guidance
- Excellent written and verbal communication skills with both internal and external stakeholders
- Must live in the Permian Basin

The Permian Strategic Partnership (PSP) is a coalition of 30 leading Permian Basin energy companies and higher education institutions who joined together to work in partnership with leaders across the region's communities to address current and future challenges to the responsible development of the vast oil and natural gas resources of the Permian Basin in the states of New Mexico and Texas.

How to Apply

Interested candidates should apply [here](#). Letters of interest will be received until **October 18, 2024**. Applications will be reviewed as they are received.

The compensation package is commensurate with experience and includes a competitive base salary, bonus incentive, healthcare benefits, 401k, and vacation. The ideal candidate will live in the Permian Basin and will be able to travel as needed. The position is located in Midland, Texas. We will contact those candidates who most closely match our requirements. Thank you in advance for your interest.
